

*Canadian Navigable Waters Act*

The Mississippi Valley Conservation Authority hereby gives notice that a submission has been added to the Navigable Waters Registry pursuant to the *Canadian Navigable Waters Act* for public comment described herein and its site and plans.

Pursuant to paragraph 10(1)(b) of the said Act, the Mississippi Valley Conservation Authority has deposited with the Minister of Transport, on the on-line Common Project Search Registry (<http://cps.canada.ca/>) and under registry number 13222, a description of the following work, its site and plans: Constructing the new public safety boom for the existing Lanark Dam on Clyde River in Lanark County, near Mill Road (45.01245, -76.36419).

Comments regarding the effect of this work on marine navigation can be sent through the Common Project Search site mentioned above under the Comment section (search by the above referenced number) or if you do not have access to the internet, by sending your comments directly to: David Green, P.Eng. Group Leader, Dam Engineering, D.M. Wills Associates Limited, at 705-957-5672 or [dgreen@dmwills.com](mailto:dgreen@dmwills.com).

Note that comments will be considered only if they are received not later than 30 days after the publication of this notice.

Posted at Lanark County this 24<sup>th</sup> day of June, 2025.

Transport Canada (TC) will not make your comments on a project available to the public on the online public registry. However, any information related to a work is considered as unclassified public record and could be accessible upon legal request. As such, the information and records provided should not contain confidential or sensitive information. If you want to provide confidential or sensitive information that you think should not be made public, please contact TC before submitting it.
